# WELCOME TO HG EXECUTIVE LEARNING SETS

OUR SETS CREATE EXCEPTIONAL LEADERSHIP EXPERIENCES, SYSTEMS AND NETWORKS ACROSS AUSTRALIA AND NEW ZEALAND

HG Executive Learning Sets are carefully curated groups of peers from diverse locations who operate as a powerful collaborative network. The focus is on real work, real-time, real system issues and the synergy created by learning from each other. Our Sets have built a robust network of leaders, creating networking opportunities and building and maintaining authentic connections.

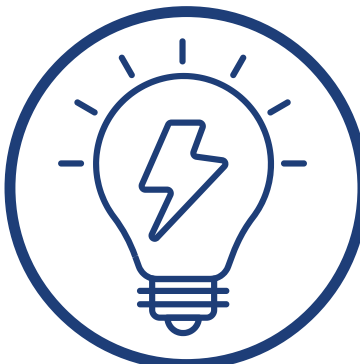

### Set Meetings

Our Executive Learning Set meetings are confidential think tanks bringing together leaders from across Australia and NZ. An experienced facilitator supports their exploration, sharing, learning, and implementable actions.

### Networking

HG is building a strong community of health leaders. Set members have access to this community as well as their own private hub for their set. Consider this your own advisory board.

### System intelligence

Staying connected to your sector ensures that you are at the forefront of emerging knowledge and ready to pivot. When executives lead from a place of greater awareness, it allows them to move beyond reacting to daily stressors and interruptions and focus on what is truly important.

### Experienced Facilitation

Each Set is guided by an expert facilitator who brings extensive experience to enable you to construct a personal leadership narrative for actionable goals. The unique relationship of trust that develops in your Set allows your Facilitator to be a reliable sounding board and support for strategy and innovation. Expect to be challenged. Expect to be transformed.

A man and a woman are shown from the chest up, facing each other in what appears to be a meeting or discussion. The man is on the left, wearing a light blue shirt, and the woman is on the right, wearing glasses and a dark top. They are in front of a large window with a grid pattern. 

## OTHER BENEFITS OF EXECUTIVE LEARNING SETS

I have been a member of Executive Learning Sets for many years and value it highly. It provides me with a safe setting, with trusted and respected colleagues, for discussing challenging issues I am currently facing on my various Boards and in prior years, as a CEO.

### PERSONAL BOARDROOM OF ADVISORS

Draw on the collective wisdom of talented leaders with diverse backgrounds from across Australia and New Zealand public health systems to test your thinking and elevate thought leadership.

*The Executive Learning Sets are a great forum to share and exchange ideas, tackle difficult issues and draw on the learned experience of peers in other jurisdictions to build personal and professional capacity whilst opening space in our busy work environments for some blues sky thinking*
